

# 2026

TRAINING CALENDAR

## **INTR ODUCTION**

As Africa's premier training provider in the payments ecosystem, Interswitch Skillbase delivers world-class learning programmes designed to equip organisations, teams, and professionals with the knowledge, skills, and Globally recognized certifications needed to thrive in an increasingly digital economy.

Our 2026 training calendar features over 58 carefully curated programmes spanning critical domains including digital payments, technology operations, data & AI, cybersecurity, governance, leadership, and product innovation. The portfolio offers flexible learning pathways delivered through onsite training, self-paced e-learning, virtual live instructor-led sessions (VILT), and fully customised programmes tailored to your organisation's specific needs.

With training delivery across Africa, Europe, Asia, America, and strategic partnerships with global industry leaders such as ACI, Thales, Cambridge Judge Business School, and leading certification bodies, Skillbase continues to set the standard for professional excellence in digital payments education.

Our hands-on delivery model, deep regional expertise, and commitment to innovation ensure participants gain practical, immediately applicable skills that drive measurable business impact and long-term career advancement.

## **WE ARE AN ACCREDITED CPD PROVIDER**

This accreditation sets us apart as a trusted provider of CPD-accredited training and enables us to issue formal CPD certificates post-training courses, ensuring delegates can achieve mandatory and reflective CPD requirements.

## SELF PACED DIGITAL PAYMENTS MICRO-COURSES

### Fundamentals Of Transaction Processing

FREE

Learn the underlying principles of transaction processing and how digital payment systems process financial transactions securely, efficiently, and reliably.

ANYWHERE – SELF PACED ELEARNS

### Understanding Postilion Transaction Flows, Codes & Response Management

FREE

Gain a thorough understanding of Postilion payment switch transaction codes and response messages. Participants will learn to interpret transaction types, approval/rejection response codes, and troubleshoot common issues encountered during payment processing.

ANYWHERE – SELF PACED ELEARNS

### Interswitch Product Suite

FREE

Deep-dive into Interswitch's payment products and solutions—how they work, their value propositions, deployment models, technical and business features, fully designed to provide a basic understanding of the Interswitch Product offering across merchants, banks, fintechs and government sectors.

ANYWHERE – SELF PACED ELEARNS

### How to set up JPOS in a Spring Boot Project - Part 1&2

FREE

Explore step-by-step guidance on configuring, integrating, and testing jPOS within a Spring Boot project, covering both foundational concepts and hands-on implementation. Participants will learn how to process ISO 8583 messages, handle channels, and configure transaction flows in a real-world financial context.

ANYWHERE – SELF PACED ELEARNS

## ACI TRAINING PROGRAMMES

### Postilion Basic Training (PBT)

₦675,000 / \$600

Equip operators and administrators with the essential skills to effectively manage Postilion payment systems. These include monitoring the system, performing queries, maintenance operations, and first-level troubleshooting.

**LAGOS**

16 – 20 MARCH

**LAGOS**

15 – 19 JUNE

**LAGOS**

21 – 25 OCTOBER

**LAGOS**

7 – 11 DECEMBER

### Postilion Specialized Training: Realtime

₦4,050,000 / \$2,800

Gain an understanding of the architecture and functionality of Postilion Realtime, and enable attendees to configure and operate the Realtime component of an ACI payments system.

**S/AFRICA**

23 – 24 MARCH

**S/AFRICA**

21 – 22 SEPTEMBER

### Postilion Specialized Training: Postcard

₦5,550,000 / \$3,800

Master the knowledge required to configure Postilion PostCard as part of an installation of an ACI payments system to process transactions, perform stand-in and full authorization, various validation services, PIN and card verification, card production, and EMV services.

**AFRICA**

25 – 27 MARCH

**S/AFRICA**

23 – 25 SEPTEMBER

### Postilion Specialized Training: ATMApp

₦8,500,000 / \$5,750

Explore the use of AtmApp terminal-driving interface to perform ATM processing. The course provides an introduction to ATM-related concepts such as states, screens and downloads, and shows participants how to perform a basic configuration of AtmApp and troubleshoot operational problems.

**S/AFRICA**

30 – 1 APRIL

**S/AFRICA**

16 – 20 NOVEMBER

## UNIVERSAL PAYMENTS (UP) FRAMEWORK PROGRAMMES

### Postilion UP: Elearning (Prerequisite for UP Technical Advanced Training)

\$13,500

Get ahead with an overview of UP® Framework™ and an introduction to configuring UP® Framework™ and is intended for anyone who wants to recognize the features of UP® Framework™, its components, and tools. This a pre-requisite to the UP Advanced Technical class.

**ANYWHERE – SELF PACED ELEARNS (LICENSED PER ORGANISATION)**

### UP Foundations and Support Training

₦450,000 / \$350

Gain foundational practical knowledge and skills on electronic payments, with a focus on the Unified Payments platform and ecosystem. Participants will explore the structure, workflows, modular learning on UP, CIHub and CMMI technology that enable and support secure, real-time electronic transactions and digital initiatives.

**LAGOS**  
2 – 4 MARCH

**LAGOS**  
13 – 15 JULY

**LAGOS**  
19 – 21 OCTOBER

### Postilion UP Technical Advanced Training

₦8,500,000 / \$5,750

Get maximum hands-on experience with a running UP® Framework™ environment. It familiarizes the learner with different aspects of UP® Framework™ and how different components integrate to form a solution using real-world examples.

**S/AFRICA**  
9 – 13 MARCH

**S/AFRICA**  
23 – 27 NOVEMBER

### Proactive Risk Manager (PRM) 9.2 User Training

₦5,950,000 / \$4,000

Explore a detailed explanation of the concepts and functionality provided by for each of the Proactive Risk Management (PRM) Standard Roles, Capabilities, Components and Features

**S/AFRICA**  
28 – 30 SEPTEMBER

## REALTIME PAYMENTS PROGRAMMES

### Uncovering Real-Time Payments: Real-time payments adoption and growth in Africa

The webinar provides insights , Learnings from Other Instant Payments Markets thereby laying the strategy required to drive Realtime payments

**LIVE WEBINAR**

### Driving Real-Time Payments and Instant Settlement

₦300,000 / \$200

Equip yourself practical insights and learnings from other Instant Payments Markets thereby laying the strategy required to drive Realtime payments

**LAGOS**  
9 – 10 MARCH

**LAGOS**  
20 – 21 JULY

**LAGOS**  
19 – 20 OCTOBER

### Real-Time Payments Masterclass: Operations & Strategy

₦3,000,000 / \$2,000

This course provides an immersive exploration of real-time payments—from the underlying infrastructure and message flows, through risk and compliance, to business strategy and emerging trends. Participants will gain a holistic understanding of how real-time payments operate, how they integrate with existing payment rails, and how financial institutions, fintechs and regulators can leverage them for competitive advantage.

**ACCRA**  
16 – 18 MARCH

**ACCRA**  
15 – 17 JUNE

**ACCRA**  
1 – 3 DECEMBER

## DIGITAL PAYMENTS, OPERATIONS AND FINTECH

### ISO 20022 Deep Dive: Process and Applications

₦250,000 / \$200

Deep dive into the global standard for electronic data interchange between financial institutions. This course provides deep learning into the ISO 20022 data framework that supports multiple vertical specific compliance regimes and acts as a data tool for business system compliance across the ever increasing complexity of multiple compliance standards.

**VILT**  
6 – 7 APRIL

**VILT**  
6 – 7 JULY

**VILT**  
5 – 6 OCTOBER

**VILT**  
2 – 3 DECEMBER

### Digital Transformation and Data Monetization in Payments

₦300,000 / \$200

Gain essential skills, knowledge and tools necessary to navigate and leverage digital transformation while unlocking new revenue streams by monetizing payment data.

**VILT**  
16 – 17 FEBRUARY

**VILT**  
18 – 19 MAY

**VILT**  
17 – 18 AUGUST

**VILT**  
17 – 18 NOVEMBER

### Mastering Cross Border Payments and Emerging Rails

₦300,000 / \$200

Gain a comprehensive understanding of technical and regulatory frameworks required to manage and optimize international payment flows, while gaining strategic knowledge necessary to innovate around speed, cost, and compliance.

**VILT**  
30 – 31 MARCH

**VILT**  
29 – 30 JUNE

**VILT**  
22 – 23 SEPTMBER

**VILT**  
17 – 18 NOVEMBER

### Leveraging Digital Interactive Commerce (DIC) To Drive Sustainable Business Growth

₦350,000 / \$230

Drive customer engagement, deliver content, enable microtransactions, and create scalable loyalty programs by developing the strategic skillset required to design, integrate, and monetize digital interactive commerce solutions such as SMS, USSD, VAS Aggregation & Enterprise Reward Systems.

**VILT**  
4 – 6 MAY

**VILT**  
17 – 19 AUGUST

**VILT**  
30 – 2 DECEMBER

## DIGITAL PAYMENTS, OPERATIONS AND FINTECH

### Certified Digital Payments Expert (CDPE)

₦300,000 / \$210

Explore best practices in the payments industry providing knowledge on major concepts and players, key technologies and channels, current day payment technology platforms and processing and securitization of payment transactions.

**VILT**  
16 – 17 FEBRUARY

**VILT**  
18 – 19 MAY

**VILT**  
1 – 2 SEPTEMBER

### Cards and Payments Masterclass

₦300,000 / \$210

Gain a full 360° view of the end-to-end cards and interchange space with an appreciation of the challenges, opportunities and emerging trends. It facilitates a perspective into how different types of payments methods suit different segments, thriving and declining segments, based on socio-economic trends and shifting consumer preferences.

**ANYWHERE – SELF PACED ELEARNS**

### Digital Payment Systems: Emerging Trends, Platforms & Services

₦300,000 / \$210

Gain holistic knowledge on trends and opportunities in digitization, its interrelation with today's banking and operations and strengthen participants' ability to identify and mitigate risks and exposures as a result of digital adoption. It paints a picture of the past and present of banking and how Fintech and digitalization has reshaped traditional banking and its operations.

**LAGOS**  
23 – 24 FEBRUARY

**LAGOS**  
29 – 30 JUNE

**LAGOS**  
12 – 13 OCTOBER

**LAGOS**  
15 – 16 DECEMBER

### Understanding POS Operations, Merchant Business and Systems

₦150,000 / \$100

Drive customer engagement, deliver content, enable microtransactions, and create scalable loyalty programs by developing the strategic skillset required to design, integrate, and monetize digital interactive commerce solutions such as SMS, USSD, VAS Aggregation & Enterprise Reward Systems.

**ANYWHERE – SELF PACED ELEARNS**

## DIGITAL PAYMENTS, OPERATIONS AND FINTECH

### Network Back Office Processing, Settlement and Reconciliation

₦300,000 / \$210

Gain basic understanding of EFT operational concepts within the Payments network. This is a comprehensive, interactive training session that aims to facilitate an in-depth understanding of the various concepts of EFT Transaction processing - such as Issuing and Acquiring Operations, Settlement & Reconciliation, Reporting, Dispute Management and Operational Support.

**VILT**  
6 – 7 APRIL

**LAGOS**  
6 – 7 APRIL

**VILT**  
13– 14 JULY

**IBADAN**  
12– 13OCTOBER

**ABUJA**  
27 – 28 OCTOBER

**LAGOS**  
17– 18 NOVEMBER

### Dispute Resolution: Claims Management and Troubleshooting

₦300,000 / \$210

Equip yourself with the knowledge and practical skills to understand and manage payment disputes and claims efficiently, minimizing financial losses and improving customer satisfaction.

**ANYWHERE – SELF PACED ELEARN**

### Strategic Operations & AI Transformation for Competitive Advantage

₦3,500,000 / \$2,350

Master the shifting Role of Operations, from efficiency to value creation in the digital/AI era, the strategic fit in aligning operations with business, regulatory, and AI strategies. It provides participants with insights to designing Future-Ready Operations while streamlining for Speed, Quality and Value.

**MAURITIUS**  
5 – 9 OCTOBER

### Digital Payments Operations for Managers

₦3,500,000 / \$2,350

Master strategic insights and operational understanding necessary to lead and govern digital payments operations in a fast-evolving financial landscape. The programme places a strong focus on everyday Digital Operations Management, Leading Digital Transformation, and Customer-Centric Service Design Frameworks.

**Kenya**  
7 – 11SEPTEMBER

## DIGITAL PAYMENTS, TECHNOLOGY OPERATIONS AND AI

### Generative AI for Digital Payments in Financial Services

₦300,000 / \$210

This course explores how AI is transforming payment systems, fraud detection, and customer experience. Participants will learn practical use cases and implementation strategies across modern payment ecosystems. The course also covers key governance, risk, and ethical considerations for responsible AI adoption.

**VILT**  
20 – 21 JANUARY

**VILT**  
19 – 20 MAY

**VILT**  
18 – 19 AUGUST

**VILT**  
2 – 3 NOVEMBER

### Mastering EMV and Mobile Payments Security Essentials

₦300,000 / \$210

Get an understanding of EMV technology, including how it enhances the security of card payments through chip-based authentication. This program offers an in-depth exploration of EMV technology, Cards and testing of EMV devices, contactless NFC, and mobile payment solutions and Security.

**VILT**  
6 – 7 APRIL

**VILT**  
6 – 7 JULY

**VILT**  
5 – 6 OCTOBER

**VILT**  
2 – 3 DECEMBER

### Building Strategic Agility, AI & Future Readiness in Digital Payments

₦4,000,000 / \$3000

Equip leaders, product teams, and strategists in digital payments with the mindset, tools, and foresight needed to stay competitive, anticipate disruption, and rapidly adapt strategies

**S/AFRICA**  
17 – 21 AUGUST

**S/AFRICA**  
30 – 4 DECEMBER

### Driving Digital Adoption in Payments for Sustainable Business Transformation

₦2,000,000 / \$1,300

Deep dive into the world of Open Banking, designed to equip professionals with the knowledge and skills required to navigate and leverage this transformative financial innovation, exploring fundamental concepts, technical aspects, business implications, security and legal implications and future trends.

**S/LEONE**  
18 – 20 MAY

**GAMBIA**  
13 – 15 JULY

**GHANA**  
14 – 16 SEPTEMBER

**KENYA**  
12 – 14 OCTOBER

**UGANDA**  
30 NOV. – 2 DECEMBER

## DIGITAL TECHNOLOGY PROGRAMMES

### Key Management on HSM (Hardware Security Module)

₦400,000 / \$300

Build expertise through hands on workshops to explore the operations and security of the Thales PayShield 10,000 Host Security Module (HSM) used for the generation and management of encryption keys in an e-payment processing environment and administrative processes necessary for encryption key management.

**LAGOS**  
22 – 23 APRIL

**LAGOS**  
26 – 27 AUGUST

**LAGOS**  
25 – 26 NOVEMBER

### payShield 10K Professional Certification Course (PayShield Certified Engineer)

₦8,500,000 / \$5,700

Develop technical expertise on the main HSM types in use, namely the 10K payShield HSM. You will develop the knowledge and practical skill needed to set up, deploy, and maintain payShield Hardware Security Modules (HSMs) and maximize the value of these devices for your organization. includes how to set up, use, and manage payShield HSM devices in your own environment—from taking the device out of the box to configuring a fully functional system.

**UNITED KINGDOM**  
24 – 28 MARCH

**UNITED KINGDOM**  
29 – 31 OCTOBER

### Stratus 99.999 Advanced Certified Professionals Program

₦6,500,000 / \$4,500

Develop technical expertise required to install, configure, operate, maintain and manage an ftServer System and Stratus' fault-tolerant Windows server at a professional level.

**S/AFRICA**  
17 – 21 AUGUST

**S/AFRICA**  
30 – 4 DECEMBER

### Stratus ZTC Endurance Technical Support Specialist (ILTZTC)

₦6,500,000 / \$4,500

Develop technical expertise to confidently run complex software stacks with Stratus ztC Endurance's breakthrough 99.99999% availability, which enables information technology (IT) and operational technology (OT) staff to run critical applications with no downtime or data loss.

**S/AFRICA**  
12 – 16 OCTOBER

## DIGITAL COMMERCE, STRATEGY & LEADERSHIP

### Leading a Digital Business: Scaling Future-Ready Digital FinTech Businesses

₦4,500,000 / \$3,000

Master digital technologies to strategically drive growth, innovation, and resilience. Lead cross-functional teams for innovation, agility, and execution at scale while blending business strategy, technology fluency, change leadership, customer-centric thinking and building talent & culture for Digital Success in a digital-first economy.

**ZAMBIA**  
3 – 7 AUGUST

**ZAMBIA**  
19 – 23 OCTOBER

### Certified Business Continuity Professional (CBCI)

₦6,500,000 / \$5,000

Get ahead with the methods, techniques and approaches used by business continuity (BC) professionals worldwide, to develop, implement and maintain an effective business continuity management (BCM) programme. This course is designed for those individuals seeking to complement practical experience in business continuity or a related field.

**LONDON**  
23 – 26 FEBRUARY

**LONDON**  
27 – 30 APRIL

**LONDON**  
6 – 9 JULY

**LONDON**  
21 – 24 SEPTEMBER

**LONDON**  
30 – 3 DECEMBER

### Business Relationship Management Professional (BRMP)

₦6,000,000 / \$4,000

Get ahead with a foundational understanding of business relationship management. This course provides the “why” business relationship management is critical to your organization and “what” a BRM does to add value to their organization.

**MINNEAPOLIS, USA**  
12 – 14 JANUARY

**MINNEAPOLIS, USA**  
23 – 25 MARCH

**MINNEAPOLIS, USA**  
1 – 3 JUNE

**MINNEAPOLIS, USA**  
26 – 28 OCTOBER

### APMG Change Management Professional (Foundation & Practitioner)

₦10,000,000 / \$6,750

Master and manage the impact of change on organisations and their people. This certification course explores key concepts including how individuals and organizations respond to change, how to lead change through stakeholder engagement and communications and the techniques used by a change manager to ensure the implementation of successful transformation initiatives.

**LONDON**  
19 – 23 JANUARY

**LONDON**  
16 – 20 MARCH

**LONDON**  
20 – 24 APRIL

**LONDON**  
10 – 14 AUGUST

**LONDON**  
26 – 30 OCTOBER

## LEADERSHIP PARTNER PROGRAMMES WITH CAMBRIDGE JUDGE BUSINESS SCHOOL (CJBS)

### Digital Transformation: From Strategy to Execution

₦6,500,000 / \$5,000

Learn to foster a digital mindset within your organisation, gain insights into competitive opportunities and discover the power of open innovation as a catalyst for digital transformation. By the end of the programme, you will have the knowledge and skills to define your organisation's digital vision, implement a successful transformation initiative and take on new challenges and leadership opportunities.

**VILT**  
17 – 19 MARCH

**VILT**  
20 – 22 JULY

**VILT**  
19 – 21 OCTOBER

### Environmental, Social and Governance (ESG) Leadership Skills for Transition to Sustainable Business

₦6,500,000 / \$5,000

Get ahead with the methods, techniques and approaches used by business continuity (BC) professionals worldwide, to develop, implement and maintain an effective business continuity management (BCM) programme. This course is designed for those individuals seeking to complement practical experience in business continuity or a related field.

**VILT**  
18 FEBRUARY – 1 APRIL

**VILT**  
1 – 11 JULY

**VILT**  
21 – 31 OCTOBER

### Transformational Leadership

₦9,500,000 / \$6,750

Grounded in rigorous, cutting-edge research, this programme aims to provide you with inspiration, hands-on tools, and knowledge that may enhance your emotional and leadership skills for managerial results.

**CYPRUS**  
12 – 14 JANUARY

**CYPRUS**  
23 – 25 MARCH

**CYPRUS**  
1 – 3 JUNE

**CYPRUS**  
26 – 28 OCTOBER

### Leading a Digital Business: Scaling Future-Ready Digital FinTech Businesses

₦4,500,000 / \$3,000

Master digital technologies to strategically drive growth, innovation, and resilience. Lead cross-functional teams for innovation, agility, and execution at scale while blending business strategy, technology fluency, change leadership, customer-centric thinking and building talent & culture for Digital Success in a digital-first economy.

**LONDON**  
19 – 23 OCTOBER

## DIGITAL PAYMENTS & PRODUCT MARKETING

### Mastering AI Tools For Business Efficiency and Growth

Gain practical experience using AI tools like ChatGPT and MidJourney. The course will begin with an introduction to how these AI technologies work, followed by practical exercises on leveraging these tools for various business and creative tasks.

**LIVE WEBINAR**

### Marketing in the Age of Disruptive Technologies

₦350,000 / \$250

Learn to innovate marketing strategies in an increasingly digital and disrupted landscape. Participants will explore key topics like stakeholder marketing, experience design, growth hacking, the platform economy, and the importance of sustainability.

**VILT**  
30 – 31 MARCH

**VILT**  
29 – 30 JUNE

**VILT**  
26 – 27 OCTOBER

### Sales Acceleration and Revenue Enablement for Digital Payment Products

₦450,000 / \$300

Designed to equip sales, business development, and product teams with the skills, frameworks, and tools needed to accelerate sales performance and drive sustainable revenue growth for digital and technology-based products (such as SaaS, fintech, digital banking, payments, and e-commerce solutions).

**LAGOS**  
1– 3 JUNE

**LAGOS**  
23 – 24 NOVEMBER

### Digital Product Management Training

₦6,000,000 / \$4,000

Designed to equip sales, business development, and product teams with the skills, frameworks, and tools needed to accelerate sales performance and drive sustainable revenue growth for digital and technology-based products (such as SaaS, fintech, digital banking, payments, and e-commerce solutions).

**ANYWHERE – SELF PACED ELEARNS**

## DIGITAL PAYMENTS, CUSTOMER EXPERIENCE AND AI

### Understanding Customer Experience (CX) and Designing for Seamless Payment Experiences

₦450,000 / \$300

Gain a practical understanding of Customer Experience (CX) principles and explores how to design and implement seamless, frictionless payment experiences across digital and physical channels. Participants will learn to apply CX frameworks, UX design, behavioral psychology, and payment technologies to build experiences that drive engagement, loyalty, and revenue growth.

**LAGOS**

20 – 22 APRIL

**LAGOS**

3 – 5 AUGUST

**LAGOS**

19 – 21 OCTOBER

### Building a Customer-Centric Organisation using AI & Emerging Technologies

₦350,000 / \$300

Master strategies that help businesses build a customer-centric organisation, focusing on understanding customer needs, optimising the customer journey, and integrating emerging technologies, digital transformation and technology into the customer experience.

**VILT**

18 - 20 MAY

**VILT**

2 – 4 NOVEMBER

## DATA, AI & MACHINE LEARNING

### IAPP Artificial Intelligence Governance Professional® (AIGP®)

₦11,000,000 / \$8,500

Gain a foundational understanding of AI systems and their responsible governance. This includes understanding how current and emerging laws apply to AI, managing risks throughout the AI lifecycle, and implementing effective governance frameworks. The certification also aims to ensure awareness of potential unforeseen issues and ongoing debates in AI governance.

**LONDON**  
25 – 27 FEBRUARY

**LONDON**  
1 – 3 JULY

**LONDON**  
5 – 7 NOVEMBER

### ISO 42001 Lead Implementer – Artificial Intelligence Management Systems (AIMS)

₦15,000,000 / \$10,000

Learn how to establish, implement, manage, and maintain an Artificial Intelligence Management System (AIMS) in line with the ISO/IEC 42001 standard. Go through the full implementation process, from defining scope and assessing AI risks to developing policies, applying controls, and preparing for certification.

**LONDON**  
12 – 15 JANUARY

**LONDON**  
8 – 11 APRIL

**LONDON**  
13 – 16 JULY

**LONDON**  
12 – 15 OCTOBER

### Microsoft Certified: Azure AI Engineer Associate (AI-102)

₦13,000,000 / \$9,500

Develop Generative AI apps, build AI agents, and create solutions that implement computer vision and information extraction, helping - participating in all phases of AI solutions development—from requirements definition and design to development, deployment, maintenance, performance tuning, and monitoring.

**LONDON**  
16 – 20 FEBRUARY

**LONDON**  
22 – 25 JUNE

**LONDON**  
19 – 22 OCTOBER

**CYPRUS**  
26 – 28 OCTOBER

### CompTIA Data+

₦16,000,000 / \$10,000

Build knowledge on collecting, analysing, and reporting on data to drive your priorities and strategies with informed business decision-making. Gain an understanding of the essential concepts of data schemas and dimensions, as well as the differences between common data structures and file formats.

**LONDON**  
5 – 9 JANUARY

**LONDON**  
2 – 6 MARCH

**LONDON**  
13 – 17 APRIL

**LONDON**  
26 – 30 OCTOBER

## CYBERSECURITY AND FRAUD PREVENTION IN PAYMENTS

### Identifying and Preventing Payment Fraud

₦250,000 / \$200

Leverage expert insight into real-world examples, analysis and regulatory insights to help participants build robust fraud detection and prevention strategies tailored to the digital payments ecosystem.

ANYWHERE – SELF PACED ELEARNS

### Security, Fraud Detection and Prevention in Postilion Systems

₦300,000 / \$210

Gain comprehensive understanding of audit & control procedures on Electronic Payment Systems, Processing Concepts as well as all inbuilt security controls of the Postilion EFT infrastructure.

VILT  
4 – 5 MAY

VILT  
17 – 18 AUGUST

VILT  
30 – 1 DECEMBER

### Securing Digital Transactions Through Tokenization

₦500,000 / \$380

Deep dive into the business oriented introduction to the technology, operations, key stakeholders, roles and the data generated by payments tokenization. The focus is on how tokenization really works in terms of data models, processes and operating environments, and therefore how stakeholders can use payments tokenization to increase their value propositions.

LAGOS  
16 – 17 MARCH

LAGOS  
6 – 7 JULY

LAGOS  
19 – 20 OCTOBER

LAGOS  
14 – 15 DECEMBER

### eCommerce Payments and CNP Fraud Types, Fraud Detection and Fraud Mitigation Systems

₦6,500,000 / \$5,000

Detect fraud early by identifying differences between CNP and card present fraud patterns, evaluate how tokenization impacts CNP fraud types, how FIDO and 3DS detect fraud and learn how SRC and PCI function within the CNP environment.

LONDON, UK  
30 – 2 APRIL

LONDON, UK  
7 – 10 SEPTEMBER

## CYBERSECURITY

### Certified Ethical Hacker (CEH)

₦10,000,000 / \$6,500

Master the Tools and Techniques of Ethical Hacking and Cyber Defense providing the requisite knowledge to identify vulnerabilities, exploit weaknesses, and implement countermeasures to defend against modern cyber threats across networks, operating systems, applications, and cloud environments.

**LONDON**  
9 – 13 MARCH

**LONDON**  
6 – 10 JULY

**LONDON**  
26 – 30 OCTOBER

### Certified Penetration Testing Professional (CPENT)

₦11,500,000 / \$7,000

Perform effective penetration testing in real-world enterprise environments. CPENT challenges participants to think like an adversary, testing complex networks, web applications, IoT systems, and cloud environments within a simulated corporate network.

**LONDON**  
18 – 22 MAY

**LONDON**  
3 – 7 AUGUST

**LONDON**  
16 – 20 NOVEMBER

### CompTIA Security+

₦10,000,000 / \$6,500

Master the Tools and Techniques of Ethical Hacking and Cyber Defense providing the requisite knowledge to identify vulnerabilities, exploit weaknesses, and implement countermeasures to defend against modern cyber threats across networks, operating systems, applications, and cloud environments.

**LONDON**  
26 – 29 MARCH

**LONDON**  
13 – 17 APRIL

**LONDON**  
20 - 23 JULY

**LONDON**  
19 – 22 OCTOBER

### Certified Information Systems Security Professional (CISSP)

₦12,000,000 / \$8,000

Develop deep understanding of security governance, risk management, asset security, network and system protection, identity management, security assessment, and software development security. Learners will develop the expertise to establish robust enterprise-level security architectures, lead security teams, and ensure compliance with global standards and regulations.

**PARIS**  
3 – 7 OCTOBER

**LONDON**  
7 – 11 DECEMBER

## INFORMATION TECHNOLOGY & CHANNELS

### Certified Kubernetes Administrator (CKA)

₦7,500,000 / \$5,000

Master your ability to install, configure, and manage Kubernetes clusters and demonstrate practical skills in deploying and troubleshooting containerized applications.

**LONDON**  
16 – 20 FEBRUARY

**LONDON**  
3 – 7 AUGUST

**LONDON**  
2 – 6 NOVEMBER

### Apache Kafka

₦7,500,000 / \$5,000

Learn to design and implement scalable, fault-tolerant data pipelines for real-world enterprise applications. Install, configure, and manage Kafka clusters, build producers and consumers, and integrate Kafka with external systems using Kafka Connect.

**LONDON**  
23 – 27 FEBRUARY

**LONDON**  
10 – 14 AUGUST

**LONDON**  
9 – 13 NOVEMBER

### Oracle Database Administration Fundamentals

₦7,500,000 / \$5,000

Gain foundational knowledge and practical skills required to install, configure, and maintain Oracle Databases – get an introduction to core database concepts, architecture, SQL fundamentals, user management, and basic backup and recovery.

**LONDON**  
9 – 13 FEBRUARY

**LONDON**  
17 – 21 AUGUST

**LONDON**  
16 – 20 NOVEMBER

### Oracle Certified Professional (OCP)

₦7,500,000 / \$5,000

Achieve in-depth knowledge on installing, configuring, managing, securing, and optimizing Oracle Databases — essential skills for database professionals working in enterprise environments. Build on the foundational knowledge from the Oracle Certified Associate (OCA) level and advanced topics such as database architecture, backup and recovery, performance tuning, and high availability using Oracle technologies.

**LONDON**  
2 – 6 FEBRUARY

**LONDON**  
24 – 28 AUGUST

**LONDON**  
23 – 27 NOVEMBER

## INFORMATION TECHNOLOGY & CHANNELS

### EDB Postgres Advanced Server v14

₦8,500,000 / \$5,500

Designed to provide learners with a comprehensive understanding of the EDB Advanced Server, an enterprise-class relational database management system that enhances PostgreSQL with enterprise-ready features. By delving into the course, participants will develop skills in system architecture, Database creation, management, installation, and configuration specific to the EDB Postgres Advanced Server environment.

**LONDON**  
23 – 27 MARCH

**LONDON**  
1– 5 JUNE

**LONDON**  
28 – 2 OCTOBER

### Oracle WebLogic Server 14c Administration

₦7,500,000 / \$5,000

Gain knowledge and skills to install, configure, and manage Oracle WebLogic Server 14c, the industry's leading application server for developing and deploying enterprise Java EE applications. It introduces fundamental WebLogic administration concepts, covering domain configuration, deployment, security, monitoring, and troubleshooting.

**LONDON**  
16 – 21 MARCH

**LONDON**  
8 – 12 JUNE

**LONDON**  
21– 25 OCTOBER

### Red Hat System Administration I(RH124)– RHEL 9

₦6,500,000 / \$4,500

Build core skills needed to manage RHEL systems efficiently building knowledge on the command-line interface, essential system management tools, and fundamental administrative tasks such as user management, storage configuration, process control, and basic security.

**LONDON**  
2 – 6 MARCH

**LONDON**  
15– 19 JUNE

**LONDON**  
14– 18 OCTOBER

### VMware vSAN: Install, Configure, Manage (v8.0)

₦15,000,000 / \$10,500

Gain essential knowledge and practical skills to deploy and manage a software-defined storage solution using VMware vSAN 8. Learn to configure vSAN clusters, deploy virtual machines, monitor storage health and performance, and perform troubleshooting tasks.

**LONDON**  
9 – 12 MARCH

**LONDON**  
22 – 26 JUNE

**LONDON**  
7 – 11 OCTOBER

## VERVE SPECIFIC COURSE PROGRAMMES

### Verve Payments Masterclass

₦300,000 / \$200

Explores advanced trends, innovations, and strategic opportunities within the Verve ecosystem. Participants examine real-world use cases, market evolution, and future payment models. Tailored for leaders driving growth, adoption, and product innovation.

**VILT**  
23 – 24 APRIL

**VILT**  
18 – 19 AUGUST

**VILT**  
18 – 19 NOVEMBER

### Verve Scheme Product and Network Operations Training

₦300,000 / \$200

This programme delivers in-depth knowledge of Verve scheme products and end-to-end network operations. Participants learn transaction flows, settlement processes, and operational performance management. Designed for teams responsible for day-to-day scheme and network execution.

**VILT**  
18 – 19 MAY

**VILT**  
28 – 29 JULY

**VILT**  
21 – 22 OCTOBER

### Cybersecurity, Fraud Detection and Risk Management for Verve Issuers

₦300,000 / \$200

This course focuses on protecting Verve-issued cards and payment channels against evolving threats. Participants learn issuer-specific risk controls, security frameworks, and incident response practices. Emphasis is placed on compliance, resilience, and safeguarding customer transactions.

**VILT**  
14 – 15 JUNE

**VILT**  
12 – 13 OCTOBER

### Verve EMP Program

₦4,500,000 / \$3,500

Equips senior executives with strategic insights into the Verve ecosystem, covering scheme governance, operational excellence, and market positioning. Participants gain the tools to shape policy, optimize processes, and drive business impact across the network. The course fosters leadership capabilities to influence growth, compliance, and long-term performance at the enterprise level.

**FRANCE**  
1 – 4 DECEMBER

₦15,000,000 / \$10,500

This advanced program equips senior travel professionals with strategic tools to manage, optimize, and grow travel portfolios across corporate, leisure, and specialized travel segments. The course focuses on performance management, supplier optimization, risk mitigation, data-driven decision-making, and sustainable growth in a complex global travel environment.

**KIGALI**  
9 – 11 MARCH

**KIGALI**  
22 – 25 JUNE

**KIGALI**  
7 – 10 OCTOBER

## OUR PARTNERS

## OUR MARKET DIFFERENTIATORS

### Expertise

Our team of experienced professionals who have a deep understanding of the digital payment industry and provide highly-tailored, in-depth training to our clients

---

### Industry Partnerships

We have well-built partnerships with companies in the digital payment industry and incorporate their products, knowledge and services into training programs that our partnerships also provide our clients with resources and networking opportunities.

---

### Customization

We offer customized training programs that are tailored to the specific needs and goals of each client, rather than a one-size-fits-all approach.

---

### Hands-on Approach

Our delivery approach incorporates hands-on training, labs and real-world examples to help participants apply what they have learned in a practical setting.

---

### Innovation

We incorporate new and emerging technologies and trends in digital payments to help organisations stay ahead of the competition.
